# Never leave a child alone in a car.

Remember to **A C T**

## **A** Avoid Heatstroke

Avoid heatstroke-related injury and death by never leaving a child alone in a car, not even for a minute. And make sure to keep your car locked when you're not inside so kids don't get in on their own.

## **C** Create Reminders

Keep a stuffed animal or other memento in your child's car seat when it's empty, and move it to the front seat as a visual reminder when your child is in the back seat. Or place and secure your phone, briefcase or purse in the backseat when traveling with your child.

## **T** Take Action

If you see a child alone in a car, call 911. Emergency personnel want you to call. They are trained to respond to these situations.

# Village Council Budget Process

The Village annual budget is a financial document that accounts for public money coming in and being spent during the fiscal year, which begins Oct. 1 and ends Sept. 30. It shows how money will be allocated for police and fire rescue, sanitation, street maintenance, parks and recreation, the Village library and more.

Each summer, a proposed annual budget is developed that follows Village Council goals to meet the needs of Village residents. The public's desired level of services is considered, as well as staffing levels needed, technology needs, equipment and capital improvements.

## TRIM notices

The rate at which properties are taxed is called the millage rate. The Village's budget process complies with Florida's Truth in Millage law, called TRIM. TRIM requires disclosure to the public of the rates and amount of taxes that will be assessed in the upcoming year.

Every Village department works throughout the summer to establish the proposed budget, which shows all the sources of income the Village receives, and the expenses expected in the next year.

During the process, the Council sets a tentative maximum property tax rate and sends that information the County

Property Appraiser, who in turn notifies Village property owners of the proposed rate and the dates of two required hearings, at which the rate will be accepted, rejected or lowered. This way, citizens have time to calculate how property tax rates will affect them, and they can publicly share their thoughts at the two hearings held in September.

During the Aug. 15 budget workshop, Council members will review Village finances and make changes to ensure services are provided at an appropriate millage rate. The proposed budget is then revised to incorporate these changes and the millage rate is adjusted accordingly.

Once the tentative millage rate is adopted, it can be lowered before the final hearing but can't be increased (without an additional notice to each taxpayer).

The TRIM notices also include the proposed rates for every other local governmental entity that collects property taxes. In fact, two-thirds of the total taxes typically paid by Village property owners go to other government entities, such as the School District and Palm Beach County.

All budget-related meetings and hearings are open to the public. The dates for the budget hearings to finalize the 2021 property tax rate are September 10 and 24, both at 7:30 p.m. in Village Hall.

## Budget discussion schedule

The Village Council will discuss the proposed budget for next year during its budget workshop on Aug. 15, from 9 a.m. until 3 p.m. at the Country Club. The meeting is open to the public and residents are invited to attend. The schedule is subject to change, so check the Village website calendar or call (561) 841-3355 for more information.

Saturday Aug. 15 9am-3pm Department Budget Workshop w/ Village Council

Thursday Sept. 10 7:30 p.m. First budget public hearing; adoption of tentative budget & proposed millage

Thursday Sept. 24 7:30 p.m. Second & final budget public hearing; adoption of budget & millage rate

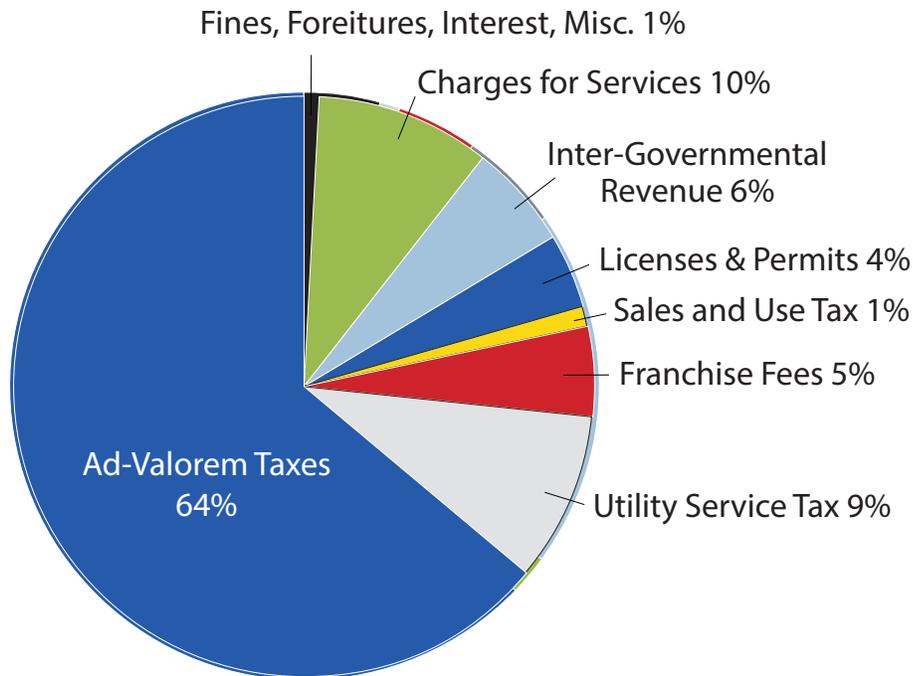

# Where does Village money come from?

Understanding where Village funds come from is the first step in developing a budget plan. In other words, revenues are the key to developing the Village's budget.

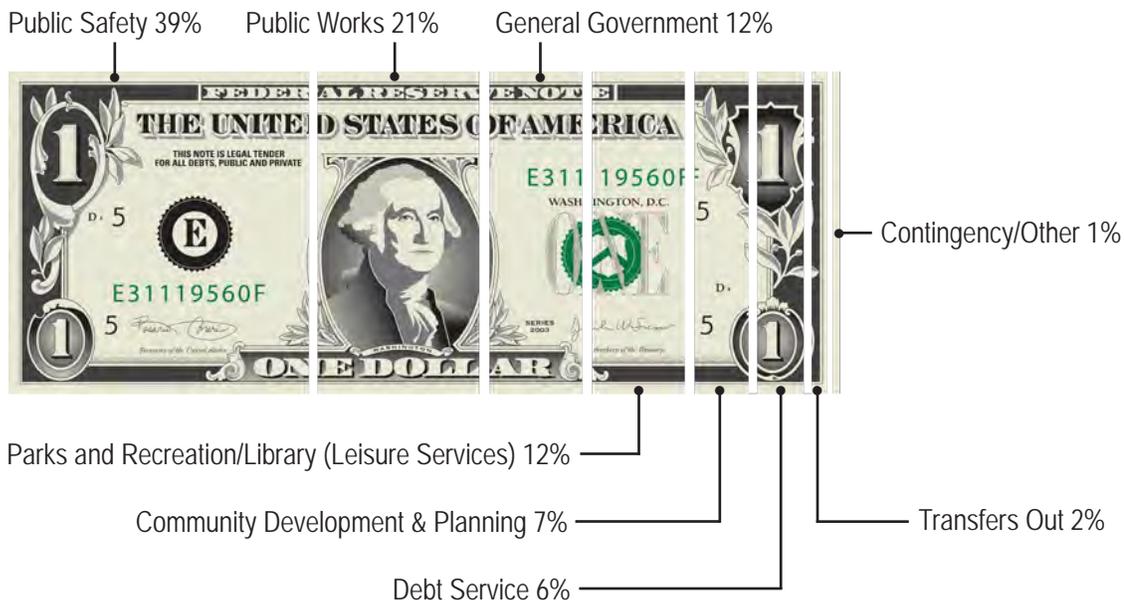

The Village generates revenue from several sources to fund the services it provides, compensate its employees and pay debt and other obligations.

The major sources of income to the General Fund are shown here and illustrate where the Village gets its money from. To see the Village's complete budget, visit the Village website at [www.village-npb.org](http://www.village-npb.org).

# How are Village dollars spent?

Village government is labor intensive, especially for operations supported by the General Fund. The majority of Village expenditures from the General Fund (approximately 63%), are used to pay employees who deliver municipal services.

# Police tip: Don't be distracted by phony visitors

The North Palm Beach Police Department would like to inform residents about protecting themselves from becoming a victim of a distraction theft.

The key to prevention is to understand the method of operation and how distraction theft criminals commit this type of crime.

Suspects can be either male or female and will often pose as landscapers, pest control specialists, plumbers, electricians, or utility workers.

They attempt to gain the trust of their victim and create a sense of urgency as a distraction, often luring the victim into the backyard if possible.

While the homeowner is distracted, other crooks enter the house without the owner's knowledge and steal whatever valuable items they can find.

DO NOT feel obligated to open the door for anyone.

Confirm the identity of all workers prior to allowing them into your house or onto your property, and if you are not expecting a service and feel someone is suspicious, call 911 immediately.

Distraction theft criminals are usually traveling criminals who roam from place to place and target elderly residents when they are the most vulnerable.

Do not allow yourself to become distracted, and if you know of a neighbor who may be a vulnerable target,

please share this important info with them so that they will be prepared to handle this type of situation.

Be mindful of what is in your neighborhood, and remember to report any suspicious activity immediately to the North Palm Beach Police Department.

**It's always OK to call 911 if you are unsure.**

## Trouble paying your electric bill because of coronavirus?

If you are having trouble getting your electric bill paid because of a loss in income caused by the coronavirus shutdown, there is money available to assist you if you qualify. FPL wants to help, and has resources to help you get the funds needed. All it takes is a phone call. Call FPL at (800) 226-3545 to get started.

### *Business taxes due by Sept. 30 for Village and County tax receipts*

Florida law, as well as the Village and Palm Beach County Codes of Ordinances require businesses to pay for business tax receipts by September 30. North Palm Beach-based businesses are required to get both a business tax receipt from the Village and a separate business tax receipt from Palm Beach County government. This includes home-based businesses.

To find out more about obtaining or renewing a business tax receipt, check the Village web page at [www.village-npb.org](http://www.village-npb.org). Information about County tax receipts can be found at [www.pbctax.com](http://www.pbctax.com).

#### **Code Sec. 17-20. - Business tax receipt renewal**

"All business tax receipts issued hereunder may be renewed without penalty no later than September 30 by application of the receipt holder. Receipts not renewed by October 1 shall be considered delinquent and subject to a delinquency penalty of ten (10) percent of the full year business tax for the month of October, plus an additional five-percent penalty for each month of delinquency thereafter until paid. The total delinquency penalty shall never exceed twenty-five (25) percent of the full year business tax for that applicant, in addition to the business tax set forth herein."
